Okay, we have been working for a little bit, so I think we need to relax. So, everybody, roll your shoulders back five times, one, two, three, four, five. Now roll your head around five times, one, two ... don't make yourself dizzy, good. And now raise your hands in the air five times, [children counting along] one, two, three, four, five. Now, move them side to side like you're in an aerobics class, [children counting along] one, two, three, four, five. Oh, we could be in a dance. [laughter] Let's try to all be in a dance. When I go this way, you go this way, and when I go that way, you go that way. Ready? Okay, ready, left, right, left, right, look at us, we're superstars. [laughter] Good, great, everybody. Oh, I saw somebody had a good idea. We can make the dance even better.

Speaker

What?

Speaker 1

Let's do left-right two times and then a roll and we can practice our Spanish "r" roll, rrrhh. Okay, ready, one, two, one, two, now the hand roll, [children following along] rrrhh, very good. Okay, now, I said I would reward the people who behaved themselves outside and they can come up and use the whiteboard and play a game with Mr [0:01:43.3 name]. So the people who I thought were behaving were Isaac, can you please stand over here, Isaac. And I thought Jessica was very well behaved and so was Yasmine and so was Naomi and so was Nicholas. Good, okay, so we're talking about seasons and weather and here we have two different seasons: summer season and winter season. And we have the clothes hanging from the pegs at the top. Isaac, what is this?
